

**MAJOR ACCIDENT PREVENTION POLICY
IN THE FUEL STORAGE FACILITY
OF AIRPORT VASIL LEVSKI - SOFIA**

SOF Connect AD, in its role as airport operator of Airport Vasil Levski - Sofia, has the responsibility to provide quality services to its customers by developing airport flight safety operations and providing ground handling services, including receiving, storing and refueling with aviation fuels, following a well-considered and scientifically based policy to prevent major accidents that may cause harm to people and the environment.

The policy is based on the following principles:

- Strict compliance with regulatory and internal departmental documents related to environmental protection, accident prevention and liquidation of their consequences
- Strict compliance with regulatory and internal departmental documents related to ensuring safe and accident-free operation of facilities
- Effective processes for risk identification, assessment and management
- Maintaining healthy and safe working conditions
- Maintaining a high level of knowledge and technical skills of personnel for safe operation of facilities
- Commitment of all personnel.

A main priority for the company's management is to achieve, by following this policy, a reduction in the risk of major accidents and limiting their consequences in order to:

- Protect the life and health of people on the territory of Airport Vasil Levski - Sofia and other sites located nearby;
- Prevent dangerous and permanent pollution and damage to environmental components;
- Protect facilities and property;
- Build a corporate culture regarding environmental protection, including through the prevention of major accidents.

The achievement of these objectives is ensured through the efficient functioning and continuous improvement of the safety management system, including:

- Development and updating of emergency plans;
- Maintaining the preparedness of personnel to respond to emergency situations through training and regular exercises;
- Analyzing possible accidents and reporting on prevented accidents;
- Using the accumulated experience and best practices regarding the prevention of major accidents.

The management of SOF Connect AD undertakes the commitment and responsibility to provide all necessary resources to comply with this policy.
